DAHLIA GARDEN

Growers of the
SMALL FLOWERED
DAHLIAS

1 9 3 8

197 OAKDALE AVENUE
MILL VALLEY, CALIFORNIA

ALTHOUGH we did not exhibit last season, we had a very successful year with many recent introductions. We are offering a list of these introductions, some of which are of foreign importation. All are good form and beautiful colors and they are some of the best in the small flowered varieties.

We grow principally for cut flowers, which indicates that we must have varieties that have lots of blooms with good keeping qualities.

We thank our many friends for their letters of appreciation. We are glad to give our customers any information we can to help them grow better dahlias.

Sincerely,

"THE HAAKES"

(Mr. and Mrs. H. C.)

OUR DAHLIA SEED is producing many prize winners. If you are interested in growing dahlias from seed you will find that with the proper care the seed germinate very quickly, grow healthy plants and have a few tubers the first year. Our seed is gathered from our choice varieties and we sell to you the same grade of seed we use for our own planting. We have received most gratifying reports from those who have bought our seed. Directions for planting enclosed with each order.
